RE: Logan River Secretary Books

Dear Peter,

I visited with you after the Logan River Water User's Association annual meeting in February of this year regarding the transfer of the secretarial books and materials you have in your possession. At that time, you stated that you wanted to get the books in order and finish the meeting minutes before handing them over. Since then, I have been given reasons that you have been out of town and that you are still trying to get the books/paperwork up to date.

The time has now come that the books and materials you have in your possession need to be turned over. I am requesting that you provide me with this material on or before June 30, 2005, regardless of the condition of the books/paperwork.

If you have any questions regarding this matter, I would appreciate you calling me (753-1604 or 760-3566), otherwise I will expect to have these materials in my possession by June 30, 2005.

Thank you for your cooperation,

  
Colleen Gnehm
